Mr. William Diebold, Jr.
Director of Economic Studies
Council on Foreign Relations, Inc.
58 East 68th Street
New York, New York

Dear Mr. Diebold:

In view of Mr. Amory's absence from his office because of an extended trip, I am taking the opportunity to respond to your letter to him of 25 January 1955 with respect to the Carnegie Research Fellowships offered by the Council on Foreign Relations.

We greatly appreciate your drawing this opportunity to our attention. However, this year we do not seem to have any candidates to suggest. I hope you will notify us again when these fellowships are available and perhaps our situation may be different.

Sincerely yours,
